Preparing for the Council-certified Residential Microbial Remediator (CRMR) Examination

Examination Reference Materials:
The CRMR examination is based on standard industry reference texts, not on a particular course curriculum. Examination items are drawn directly from the following references:

- Council for Accredited Certification, *Code of Conduct* (www.acac.org)

Examination Topics:
The closed book examination covers six topics relevant to microbial remediation as summarized in the following list. There are 50 multiple choice questions on the two-hour examination.

**NOTE:** For a detailed list of the knowledge and skills tested by the examination, consult pages 2-3 of the CRMR application booklet)

1. Microbial Remediation: Principles and Equipment
2. Guidelines, Regulations and Standards
3. Water Damage Remediation
4. Structure and Contents Remediation
5. HVAC Remediation
6. Remediation Project Documentation

Recommended Study Procedures:
To prepare for the CRMR exam, first read the reference books listed above. Then review the following sections from each text in more detail:

**WARNING:** Limiting your study to only the following pages will put you in danger of failing the exam. The exam assumes a comprehensive knowledge of each reference text.
